SUBJECT : DD/A Components' Use of Cryptonyms

REFERENCE : Memo to AR/DDA from DD/A (DD/A 75-2752)
Dtd 11 June 1975

1. By now, you should have all received a copy of the reference, dated 11 June 1975, which tasks us all with reviewing the utilization of cryptonyms within the Directorate. May I suggest that each of you provide me with an inventory of all cryptonyms in use by your office. The inventory information should contain the cryptonym, the identification of the purpose for which the cryptonym has been assigned, the date of the assignment of that cryptonym and the date of the initiation of the project if that is not the same as the date of the cryptonym assignment. I would suggest as a target date for the submission of 30 June 1975.

2. Admittedly, I have no idea of the extensiveness of the cryptonym inventory within your components. If that date appears to be unreasonable, once the problem has been sized, we can adjust the due date accordingly.
